Sustainability™

What is
Manufactured
Again?

A **QUALITY CERTIFICATION PROGRAM** that meet ISO 9001 or IATF 16949, two internationally-recognized quality standards.

purePOWER
A STANADYNE® COMPANY

Manufactured Again™
*A quality certification
for the remanufacturing process.*

WHY MANUFACTURED AGAIN?

TRUST

Trust that your high-quality part comes from a certified facility.

SHOW

Show your commitment to sustainability and the environment.

Remanufactured goods are like new, but better.

QUALITY

LIKE-NEW Quality
Condition and performance equivalent to the original part.

VALUE

BETTER Value
Save money and get a fully warranted part with OE fit and function.

GREEN

BETTER for the Environment
Reuses materials, conserves energy, and reduces landfill waste

Manufactured Again™ Certification is administered by: MERA – The Association for Sustainable Manufacturing
Southfield, Michigan USA | ManufacturedAgain.com | MERA is a division of Motor & Equipment Manufacturers Association
